

KQ The Handicapper

Infinity – 1

347-1111 – A large pepperoni with cheese for most of us, but not for KQ The Handicapper. For KQ that's a 3,4 over the 7,11 over the 11 part wheel/I'll have another Sam Adams Light trifecta. 12-25-07 – Christmas last year right? Na baby, Jesus, Mary, & Joseph, Na. That's a 12 keyed over the 2, 5 and 7 beers left in the cooler exacta for Mr. high roller handicapper extraordinaire. 8-13-62 – is it when the stork dropped Ken on his head or a five horse 1-2-3-6-8 exacta box? Your pick here. How about this one 8-8-67? Ken's birthday? Nope! Ken sings some Frank for the Tooth Fairy? Could be. Baby Bunny in a bunting? You're getting warmer. How about \$8.00 in the 8th on the 6 and 7? Your guess. 1776 – The Declaration of Independence and all that stuff, right?? Wrong!! It's KQ in his Tommy's holding up the line at the betting window trying to make a bet that 1776 people behind him don't understand. Now try this one out.....05-03-08....today, Derby Day – well yes. But it could be, 5 for Ken, 3 for you, 8 for Ken.....oops, they're all gone. Let's try one more – 11-01-97.....ah, o.k., you're on to it here....it's another silly KQ bet on the ponies combination. Nope – it's the other date that will live in infamy – when Kenny and Bunny My Honey got married naked on the beach in Jamaica...yes-sir-ree, just ask 'em.
