

Mmm Mmm Tracy

40 – 1

Okay, you might be wondering what Mmm Mmm is? Well....that's what those Campbell's are....they're Mmm Mmm good.....especially when they reach the Over 40 Club....yep, sautéed and simmered to middle-aged perfection. And this one, well let us tell you, she's got it all – sort of like Rachael Ray, Martha Stewart, and Betty Crocker all rolled up into one made-from-scratch, Yum-o, Chamber's stove pasta ball with E.V.O.O. in 30 minutes are less. Oh my gravy.....how good is THAT? Just ask training partner, Tangueray Tim....he's the mild mannered multi-millionaire macho man Mmm Mmm met on a magnificent Monday morning in May in Manchester (o.k., we made that up...it was kind of an Mmm Mmm thing). Anyway, you may have heard that Mmm Mmm Tracy's gone "green" recently – how trendy! The Good Housekeeping people are supposed to show up any day now with the Seal of Approval. We just hope she doesn't go ballistic when she reads this and send Emeril and the Pillsbury Dough Boy over to kick our butt.
