

The Jet Set

2 – 1

They are the Jet Set, we're the old Chev-ro-let set
They've been to New York, we've been to Newport

They went to Paris, somewhere in Francey
We went to Paris, down in Kentucky

They've been to the Riviera, crossed over the sea
We've been to Georgia, crossed through Tennessee

They flew on a jet plane, to someplace Hawaiian
We missed the bus, in front of the Skyline

They gathered in Phoenix, in warm summer clothes
We gathered our Kleenex, for blowing our nose

They flew into London, not in the Commonwealth
They've traveled the world, with everything top shelf

They are the Jet Set, we're the old Chev-ro-let set
And if you think this is wordy, just go ask the Pordys
