

# The Long and Short of It

1 – All

It's long when it's short  
And it's short when it's long  
If you get 'em mixed up  
Your rights end up wrong

And your rights end up left  
And what's left ends up wrong  
It's easier for me  
To write it down in a song

It's hard for me  
To figure out what to do  
What's right, what's left  
You're short, Me too
