

We Can't See The Drive-In Anymore

1975 – 1

We can see them workout
We can see the dust
It kicks up when they run
And gets all over us

It's probably against the odds
It's probably against the law
We're probably out of our minds
To be thinking this at all

The river looks just as wide
Standing on either shore
We'll know we're standing way too deep when
We can't see the Drive-In anymore

The speck that's on the mountain
Looks like nothing from far away
But the pebble stuck inside my shoe
Has been hurting all damn day

We keep inside the house
And I'm wondering what the hell for
We'll know it's stuck in neutral when
We can't see the Drive-In anymore
