

Sir Walter Worley

3813 – 1

Here's a Kentucky-bred front runner and deep diver that really knows how to pick a post position – right next door to the party that is. And stablemate/training partner Campus Queen Kim really knows a thing or two about running a route. When she's not keeping Sir Walter in Tipton top shape, she's busier than a bus driver as Captain of the Kaysie Cab Company. In fact Kim and Sir Walter have racked up more laps than Dale Jr. and the space shuttle. When the Worley wagon winds its way back to Raymonde, house handicappers expect Sir Walter to be in front early and out back later on.
