

First Lady

1 – 1

We've got this Derby tradition
The First Saturday in May
And the other three hundred and sixty four
Preparing for the day

Kind of like the 25th of October
In 1997

That day took some planning
For ten months or eleven

It seems like it just happened
How quickly time flies by
Our wedding toast and the call to the post
Life – in the blink of an eye

So I'll probably take your picture today
A First Lady photograph
You've got the right exposure
Oops, I can't say that

But you still hang the moon
And more than anything else
I can say I love you
And God Bless The Commonwealth
